

13TH ANNUAL

benefiting Coming Together for a Cure

CONCERT IN THE COUNTRY

WHO WE ARE

Ryan Benton is the first person in the world with Duchenne Muscular Dystrophy to be treated with stem cell therapy. This treatment extended Ryan's life (he's lived nearly double his life expectancy now), but it also birthed a passion in him for helping others access the same type of life-changing treatment.

WHAT WE DO

This is what led Ryan and his brother, Blake, to start the non-profit: Coming Together For A Cure (CTFAC). Thanks to our donors and fundraising events over the years, CTFAC has helped over 600 families around the world in fighting rare diseases.

Tax-deductible event sponsorship slots are now officially open for our biggest fundraiser of the year...
